SONG SUGGESTION

Original Lyrics

看 看著你的臉 躺在我枕邊
是你令時光蔓延
你 折射了光線 刷亮我眼邊
午後陽光彷彿給你加冕
不管身邊多改變 只顧這日誓言
一聲不發在你身邊
不許你注定一人 永遠共你去抱緊
一生中百樣可能 愛上你是種緣份
簡單的一吻 手心的抖震
示意我再不必孤單寄生
只想會有日可能 與你共姓的身份
要回望這生 也有你陪襯
不作陌生人 只做你情人 不枉此生
怕 看著你走遠 歲月實太淺
若有日迷失歸家方向不變

Translation in English

Looking, looking at your face next to me
It's you who slowed down time for me
You refracted the lights and brightened my eyes
The afternoon sunshine added to your beauty
No matter how much has changed Only the oath I made today matters I will silently stay by your side
I will never allow you to be alone I will hold you tight for eternity
There are hundreds of possibilities in life
Falling in love with you is a kind of fate
A simple kiss A gentle tremor of your palms
Is a sign that I do not need to live alone anymore
I simply want to be with you some day
So that looking back, at least I have you as a footnote in life
Not strangers, but only lovers Then my life is already worthwhile
Afraid afraid as you grow distant from me
the times we spend together are so little
If some day I am lost, I still know which direction is home

不許你注定一人

Never Be Alone

WESTERN POP MUSIC

In Western pop, musicians are essentially chosen for their talent, which is cultivated in their own time.

In the industry, most singers but not all do have a hand in the production of their songs.

In addition, their fandom do not have unique cheering products like Kpop but the interactions between singers and fans are good.

Like Ariana Grande's fandom, they have plenty of fanart about her. This is one of the example of drawing her MV outfit.

FUN FACTS

In the western pop industry, they don't have an unique fan cheering product like Kpop. Fans put their hands up instead.

Due to the open-minded society, singers always wear sexy outfit and lyrics contain sex implications.

They don't have a trainee system and a visual in a group as Kpop and Jpop. They have a crazy concept in general.
